

Case Study

Digital Conversion of Scanned Image Books into XML, e-PUB 2.0, e-PUB 3.0 and .MOBI format.

Client's Business Influence

Easy conversion and digitization: improving market distribution.

Project Scope:

One of the online scientific publisher approached us with the requirement of conversion of scanned image format pdf books into XML, e-Pub 2.0, e-Pub 3.0 and .Mobi formats to republish.

Methodology/ Approach:

- Downloading the input files with Client instruction documents and evaluated the quality of the pages.
- Started Scanning and running of OCR (Optical Character Recognition) to make editable data in the word format.
- Team has done complete proof reading to make sure the pages content error free.
- Once done with the proof reading all the pages converted into client requested formats.
- Final file uploaded into client specified FTP server, post 3 levels of QC.
